

EDUCATION NEWSLETTER FROM THE EDUCATION TEAM AT THE DIOCESE OF EXETER

Dear Colleagues,

This half term has been like a marathon – long, hard and requiring plenty of stamina and resilience. You, as ever, have risen admirably to the challenge.

We are indebted to you for the love, care and commitment you give to our communities and to each other. We are stronger together and our collaborations enable us to work smarter, make better decisions and share the load each of us is carrying.

We are pleased that our forum and network events are being well attended and serving a useful purpose as we seek to ensure our work adds value. The next Covid-19 support group meeting is scheduled for the 3rd November at 1:30pm and is open to all, whether you are looking for support or feel you have something to offer. For joining instructions email educationevents@exeter.anglican.org. A new network which we hope will be of benefit involves the coming together of a school leader with a clergy team member to look at issues that matter to young people. On 1st December the focus is on working together to support children and young people's (CYP) mental health, whilst in the new year there will be opportunities to look at supporting transition, address CYP's concerns about inequality and injustice and working together to follow the lead of CYP in taking care of creation. Please register [here](#).

Looking back over this last half term it is clear just how much we have achieved as a family of schools. Thank you again for your dedication and service. Now that the half term break is here, please do make time to pause, to rest and to put yourselves and your families first.

Sue Lockwood

Acting Diocesan Director of Education

"Come to me, all you who are weary and burdened, and I will give you rest". Matthew 11:28

The Church of England's theme for Advent this year is 'comfort and joy': How might you link with this theme in your own Christmas celebrations or connect with your Church about doing something together? One easy idea could be enabling children to make Christingles. The Children's Society has lots of advice on how to do this safely this year. Find out more [here](#).
