INTRODUCTION TO RESOURCES

This seven-week course looks at God's generosity to us and our call to live generously in return. It is based on the Gospel of Luke and features a small group study guide with video's. Please go to our [vimeo channel](#) to access the video's.

During seven weeks you are invited, together with your church community or family, to engage with this resource and explore how this message of generosity speaks to you today. The materials are prepared by Dave Hopwood, author and speaker, Brigit Kiyaga, Mission Resources Advisor for the Diocese of Exeter and many others. Each session will last approx. 1 hour and can be hosted both in person as well as online.
