It is a comprehensive offer however should you require something different please ask and we will endeavour to ensure our service meets your bespoke needs.

We value greatly our relationship with Trusts, and individual schools, and thank you and your teams for all you do to ensure our diocesan family of schools can flourish, providing great opportunities to the children, young people, families and staff.

Please know we are here to support you in this journey, as we seek to help you fulfil your Trust's vision and look to ensure our own vision to nurture vision inspire education, nourish personal and spiritual growth, and enable connected communities that flourish, is realised.

Sue Lockwood

Diocesan Director of Education.

Your Service Level Agreement 2023

As a Diocesan Education Team we are keen to provide an efficient and relevant service which adds value to the work undertaken in Trusts and schools to improve the life chances of the children and young people in our care.

This document sets out some of the ways in which we can offer you support through our diocesan funded **core offer** (see appendix 1), **Service Level Agreement (SLA) subscription service** and through a **'Pay As You Use'** route. We intend to make our offer truly personalised and bespoke so we will tailor our support with you when you subscribe to the SLA. We are keen to meet your Trust's and schools' specific needs and acknowledge the changed circumstances and challenges currently being faced. We look forward to continuing our work together and to serving your schools' communities in the most appropriate way.

Trust and/or school support and visits will be undertaken by one of our team or by an Associate. As the Diocesan Education Team, we have extensive experience and knowledge of church schools including in leadership, governance matters, SIAMS, Collective Worship, Religious Education and school organisation. We work with 17 different Multi-Academy Trusts with church articles within the Diocese of Exeter, and additionally with others who have mainstream articles. Our Associates are all current school leaders or will have recent relevant experience.

Trusts can organise their support in any way they wish. Some do this by focussing on trust wide priorities for training, school development and improvement, for example by bringing together Heads, RE leads or Ethos groups, or by working with us as the central team. Other Trusts request we work with individual schools. It is your choice, and we will endeavour to tailor our work to your specific requirements.

Service Level Agreement Packages

Through our subscription service, you can purchase support that is in addition to our diocesan funded core offer, outlined in appendix one (on page 10).

Trusts are invited to select one of the following support packages. Please see pages 5 – 7 for a description of the different activities. The sharing of activities and training events in MATs is encouraged. It can be very effective to pull together your Heads, RE leaders, Collective Worship/ Christian Distinctiveness leaders or ethos groups/committee members to work on strategic priorities together, or to bring together your staff and/or governors for a shared training session.

Standard Package:

Up to 4 activities (delivered over 2 days*)

Enhanced Package:

Up to 6 activities (usually delivered over 3 days*)

Our support for Trusts, with church school articles, aims to help them fulfil the second part of their 'object' so that schools designated as Church of England are 'conducted in accordance with the principles, practices and tenets of the Church of England both generally and in particular in relation to arranging for religious education and daily acts of worship'. Additionally, we can support individual or groups of schools with their distinctiveness and effectiveness as a church school.

Our Standard Package includes all our core offer and additionally Trusts can choose four activities from the range of:

- ✓ School development activities
- ✓ Critical friend reviews
- ✓ Recruitment and induction activities
- ✓ Training events

Trusts should organise two of the activities into a full day visit**. In addition to the delivery of activities, we will provide all necessary activity preparation and a written report.

Our Enhanced Package provides more time for your Trust's support. It includes all our core offer and additionally Trusts can choose six activities from the range of:

- ✓ School development activities
- ✓ Critical friend reviews
- ✓ Recruitment and induction activities
- ✓ Training events

Trusts should plan to implement two activities into each full day visit**. In addition to the delivery of activities, we will provide all necessary activity preparation and a written report.

*A half day visit is defined as three hours, whilst a day visit is defined as 6 hours.

**or equivalent. This might include an afternoon activity followed by a twilight training event. We are asking schools to combine activities as we are mindful of using our time efficiently and also reducing the environmental impact of our travel.

Subscription Service Activities

Our services have been organised into four different types of activity, and Trusts can select from these to ensure the support is tailored to their needs.

- Our **development activities** are intended to help your MAT develop an aspect of your provision. We will work in partnership with you to plan and offer a bespoke service to meet your needs.
- Our **critical friend reviews** are intended to help you check and verify whether your own self-evaluation is accurate. In these visits, we offer an external perspective and would request key information from you prior to the visit. We would use the visit(s) to carry out joint monitoring and evaluation to help confirm your judgements and to inform your Trust's or individual schools' improvement planning.
- Our **recruitment and induction activities** are to support any additional recruitment, other than that covered in the core service. This could be support for recruitment of key personnel, such as members of your leadership team or other key roles in your Trust. You could use your subscription to ensure all new senior staff have an in-depth induction into church school leadership.
- Our **training events** can enable your staff groups to be trained together, from across your trust, ensuring that everyone has access to our expertise and best practice can be shared and celebrated. Training can be tailored to Trust staff, governors, ethos committees, pupil groups or volunteers. Leaders or groups of teachers or ethos committee members could be bought together to improve an aspect of provision across all the schools.

Development Activities

A half-day activity* to focus on enhancing the Christian Foundation of the school(s) in the MAT. This will include working with Trust leads, Heads, RE and Collective Worship leaders and governors to ensure that leadership is effective at improving the Church school provision. These development activities may provide guidance, advice or support on any of the following:

- Christian Vision and Distinctiveness
- Religious Education
- Collective Worship
- Character Education
- Governance
- Admissions
- Church school leadership, including subject leadership
- Spiritual, Moral, Social and Cultural Education
- Valuing all God's Children: Developing your provision for Equality, Diversity and Inclusion
- Chaplaincy development
- Partnership with your parish
- Courageous Advocacy

“Each visit was tailored to our requirements following a discussion between us and the advisor: this has meant that the visits have had a huge positive impact on what we do in school.”

Subscription Service Activities

For example, the Trust development visit could focus on:

- Support for your MAT leaders, Heads or subject leaders/ Heads of Department in developing an aspect of RE, Worship, SIAMS, Christian distinctiveness or Character Education
- Working in partnership with your RE department to support development of planning, teaching and learning or assessment.
- Assistance with writing SIAMS Self-Evaluation Documents or an area of your Improvement Plan
- Post SIAMS action planning
- Joint RE lesson observations or work scrutiny, with strengths and areas for improvement identified
- Pupil conferencing
- Support of the work between schools and parishes / mission communities
- Support for Directors or local governance in embedding monitoring of the Christian distinctiveness of the Church school(s)
- Support for chaplains
- Post governance review action planning

**For each of our visits, our advisors will carry out any necessary preparation and you will receive a written report after the visit.*

Critical Friend Reviews

A half-day visit* in the Trust or an individual school to provide a review of the self-evaluation linked to the second part of your 'object' and/or the SIAMS schedule. It is good practice for a Foundation Director to be present, and where focussed around an individual school, for the incumbent and/or a local foundation governor to be present. This review will enable Trust and/or school leaders to work in partnership with an Education Advisor to check and verify the Trust/school's own self-evaluation. For a more thorough review, you might consider combining two or more of your activity sessions.

You might also use a 'Critical-Friend Review' to 'deep dive' an aspect of MAT wide provision e.g. a scrutiny of RE books from across the trust.

The review may focus on:

- How Christian vision is understood and its impact on pupils and adults across the school/Trust
- SIAMS SEF judgements, drawing on a range of available data
- Progress towards school/Trust improvement priorities
- A deep dive into an aspect of Church school provision e.g. RE or Collective Worship
- Effectiveness of governance in monitoring to ensure the Christian Foundation of church schools and the second part of your 'object' is upheld

**For each of our visits, our advisors will carry out any necessary preparation and you will receive a written report after the visit.*

Recruitment and Induction Activities

We can support recruitment of your key personnel, such as senior leaders, or for trust roles such as Christian Distinctiveness Lead. We are able to provide induction support for colleagues that are new to working in Church schools, provide targeted advice relating to your own Trust and schools' context and links with parishes/mission communities. In Trusts, we can host meetings for all new Church school leaders to help with induction into their role.

- Visit to support a new Trust Christian Distinctiveness lead or Head within their own context
- Engagement with staff appointments – shortlisting and interview advisory support
- Induction events in school or pooled together for school staff
- Support for Early Career Teachers – welcome to your Church School

Training Events

If you subscribe to either the 'standard or 'enhanced' service level agreement, you are able to select one or more training events from a range of training options, delivered in one of your schools, for staff or Ethos groups/committee members or Governors, drawn from across the trust. The following training and development opportunities are examples of what can be included as an optional element of the subscription service:

- Thinking Governance Programme developed by the Education Office of the Church of England to contribute to better governance, for example by enabling boards to consider their 'strategic picture'.
- Training for responding appropriately to bereavement and loss.
- Equality, Diversity and Inclusion awareness training, drawing on 'Valuing all God's Children'.
- 'Trauma Informed Schools' training
- Governance Board personalised training
- Training for Ethos group or committee development
- Inset day training
- Developing Spirituality training
- Training or planning advice tailored to the implementation of units from the agreed syllabus – Christianity or other faiths.
- Philosophy for Children (P4C)
- Collective Worship
- Courageous Advocacy

**For each of our visits, our advisors will carry out any necessary preparation and you will receive a written report after the visit.*

“Invaluable SIAMS support through advisor support and SIAMS networking meetings enabled us to create a compelling and precise self evaluation, and supported us in identifying our next steps.”
