27th April 2026

Dear Colleagues,

It is a pleasure and privilege to work with you and your teams as you serve the children and young people in our Church of England Schools (approximately 26, 500), our families and the wider community to enable all to 'live life in all its fullness' (John 10:10).

Our church schools are part of our wider diocesan family which includes community schools who share foundation governance. By working in partnership with you all, our reach has the potential to indirectly support over 62,500 children and young people. We are humbled by this and aim to serve you well.

We recognise that the strength in our diocesan family of schools comes when we all work together, sharing expertise, experience and build together a strong offering for our schools. Your skilled and dedicated leadership, along with that of your governance team and staff, is greatly appreciated. As the Diocesan Education Team, we wish to add value to what you do and therefore offer the services, training, networks and events included in this brochure for your consideration.

As ever, we offer a significant range of funded – free to you – courses and networks in addition to bespoke 'pay-as-you-go' services. We encourage you to add things of interest to your diary now and to book early. We hope as a minimum that all heads of schools, headteachers and executive heads will attend the free virtual Leadership Forums (1 hour) and the Time to Recharge sessions (20 minutes). Much of our offering is now online however we really value our face-to-face time with you and together as a group of Church school leaders – please do consider prioritising our annual School Leaders' Gathering: Flourishing. Coming together engenders a sense of connection and belonging and whilst many of you belong to a multi-school grouping, I genuinely believe our diocesan family is precious and I encourage you to pro-actively engage.

We look forward to continuing our work with you.

Thank you for all you give.

Sue Lockwood
Diocesan Director of Education

DIOCESAN NETWORKS, EVENTS AND TRAINING OPPORTUNITIES

N.B.: Please note these descriptions are arranged alphabetically by network/course title

An Introduction to Schools Admissions and Appeals

Audience: All governance and staff involved in schools and trusts that are their own admissions and authorities

This training will comprehensively cover the development of high-quality admission arrangements and the specific content required by statute. The aim is that each attendee will leave the training with a clear understanding of admission arrangements and procedures, the procedure to follow for changing arrangements and a measure of the likely challenge. This training has been specifically organised with timings so that governors/directors wishing to review and revise their admission arrangements will have time to prepare the documentation and consult during the statutory timeline. The training will also explain the admission appeals process.

Academy Trust Director Training

Audience: Directors of Academy Trusts

This training is provided by the Education Team for existing and new academy trust Directors. It will provide an overview of the different roles of governance in Academy Trusts, consider the duties and legal responsibilities of a Board of Directors and Members, and look at the importance of clarity around the legal compliance.

Academy Trust Leadership Forum

Audience: CEOs or their representative

The Diocesan Academy Trust Leadership Forum meets to build our collective capacity to improve and serve our learners and families more effectively. Every Academy Trust (AT) is encouraged to attend so that collectively we can:

- Create a strong and flourishing Church of England AT network through identifying and sharing best practice;
- Exercise our moral responsibility and our Christian duty to work in the best interests of all learners and their families as they experience education for wisdom, hope, community and dignity and discover life in all its fullness;
- Strengthen every AT through peer support and challenge;
- Advise the Diocese of Exeter on matters relating to system leadership.

Academy Trust Members Training

Audience: Open to all members in Academy Trusts with Church Articles of Association.

This training will give an overview of the role of members, signpost helpful documents, and share good practice.

Bishop's Garden Visit

Audience: Key stage 2

This autumn we will be offering education days in the Bishop's Palace Garden, where there will be a carousel of activities looking at nature, cooking and crafts, all themed around a Bible story.

Christian Distinctiveness and RE Hubs

Audience: SIAMS leads, plus staff and Governance

These are informal update meetings to support Church of England schools in the development of their Christian Distinctiveness. This could include discussions about RE, collective worship, courageous advocacy, vision, wellbeing, spirituality and much more. Come along and share your ideas and good practice; and hear updates and new ideas from colleagues and the education team. It is not all about SIAMS however this will form part of the updates too, including opportunity for the exploration and discussion of any challenges.

Christianity as a Global World Faith and Understanding Christianity

Audience: RE teachers, RE subject leaders, Headteachers, Heads of School, Foundation Governors, Ex-Officio Foundation Governors

This is an exciting opportunity to spend the day with colleagues exploring the new Christianity as a Global World Faith resource. This national resource has been produced to support primary and secondary colleagues to enhance engagement with Christianity as a global world faith by incorporating a variety of 'ways of knowing' as part of the RE curriculum. These resources will help broaden pupils' understanding of Christianity within and beyond a localised perspective and embrace its diverse expressions within the UK and worldwide. In addition, time will be spent revisiting the Understanding Christianity resource and exploring how both resources compliment each other.

Clerks and Governance Professional Forum/Update

Audience: Clerks of maintained schools including federations, and clerks/governance professional of Academy Trust Boards / Local Governing Boards

These information sharing sessions for clerks and governance professionals aim to give opportunities for attendees to explore key areas, ensure all are up to date with the latest developments and best practice, and develop support networks across our Diocesan family of schools.

Climate Action Plans for Schools

A session looking at Climate Action Plans for Schools. Helping you to produce an action plan that meets the DfE requirements and will provide a framework for your school community to take meaningful action.

Equity, Diversity, Inclusion and Justice (EDIJ) Peer Support Network

Audience: Senior Leaders, including those involved in governance, of MATS, federations and schools

The Diocese of Exeter has a racial justice charter which includes the following anti-racism statement:

"Racism and other forms of discrimination are wholly incompatible with Jesus's command that we 'love one another' (John 15:12) and his promise of 'life in all its fullness' (John 10:10). As part of our Diocesan Vision and Strategy, we commit ourselves to being actively anti-racist. We recognise that we have significant opportunities in our network of mission communities and organisations to combat racism in all its guises and build a better future for all."

Continued

The goal of this network is to empower educational leaders to collaboratively shape school environments where every member of the community can have self-awareness and cultivate a profound sense of equity, diversity, inclusion, and justice. In aligning with the Church of England's vision for education, this network seeks to foster an inclusive, nurturing, and supportive educational ecosystem that reflects the values of "Called, Connected, Committed" and "Our Hope for a Flourishing Schools System."

The Exeter Flourishing Partnership (EFP), inspired by our vision, demonstrates a shared commitment to flourishing church schools across the Diocese of Exeter. It is intended to be a deep, collaborative and beneficial relationship and nourishing partnership between the Diocesan Education Team, the Exeter Diocesan Board of Education Committee (EDBE) and academy trusts/federations. EFP provides rich, meaningful and formative opportunities for engagement to enrich church school distinctiveness.

It will enable those involved to be increasingly effective in upholding the Christian Foundation of their Church of England Schools by equipping leaders with enhanced understanding, skills and knowledge with which to develop and enable all schools in their care to flourish.

The programme will develop four (or five) EFP strategic roles (individuals identified by the academy trust/federation), who will be trained and supported by the Diocesan Education Team to take-on the following lead roles as they work in partnership across the trust/federation:

- Lead for Exeter Flourishing Partnership
- Religion and Worldviews Lead (this could be combined with Collective Worship Lead)
- Collective Worship Lead
- Recruitment and Induction Lead
- Governance Lead

The **Lead for Exeter Flourishing Partnership** works at a strategic level to ensure the church schools within the academy trust/federation are effective as church schools, embracing their original Anglican foundation. They will ensure that the distinctive Christian vision is established and promoted by leadership at all levels, enabling pupils and adults to flourish. The Lead is the main point of contact with the Diocesan Education Team. They are responsible for supporting the other Exeter Flourishing Partnership trust/federation Leads, in partnership with the diocese.

The role of **Religious Education and Worldviews Lead** can be combined with the **Collective Worship Lead**. These roles represent the axis around which strong Religion and Worldviews (RE) and Collective Worship (CW) in church schools and community schools is built and sustained across the whole academy trust/federation. This Lead works with existing leaders of RE and CW, to ensure that all schools are effective.

The **Recruitment and Induction Lead** will ensure that the academy trust/federation vision and the individual distinctively Christian church school's vision and values are embedded and lived out through recruitment and induction. They will advocate for church school flourishing.

The **Governance Lead** works across all tiers of governance to support those involved in knowing, understanding and fulfilling their responsibilities. This includes ensuring the academy trust/federation is conducted in accordance with the principles, practices and tenets of the Church of England, and is enabling pupils and adults to flourish.

The Exeter Flourishing Partnership is part of our evolving work and relationship with academy trusts and federations where we recognise your own expertise and seek to add deeper and more impactful value to our joint work. The Diocesan Education Team will offer initial training for the Exeter Flourishing Partnership, lead and sustain networks for ongoing learning and updates, and provide partnership support visits to acknowledge strengths and identify areas for further growth in these areas. The rich evidence gathered through these visits will ensure the Diocesan Education Team and the EDBE have a deeper understanding of the character and work of academy trusts/federations, and in particular of our church schools.

Equity, Diversity, Inclusion and Justice Peer Support Network

Partnership between the Exeter Diocesan Board of Education and CEFEL, in support of our Diocesan Family of Schools

Equity, Diversity, Inclusion, and Justice Peer Support Network

The Equity, Diversity, Inclusion, and Justice diocese peer support network seeks to establish a strong connection with the principles outlined in the Church of England's documents, "Called, Connected, Committed" and "Our Hope for a Flourishing Schools System." This network's primary objective is to delve into the intricate facets of equity, diversity, inclusion, and justice and how societal and theological theories influence and mould them.

By examining the historical underpinnings of the hierarchical structures around all the protected characteristics, including but not limited to race and the dynamics of equity and justice, the network aims to shed light on the contemporary manifestations of these concepts in our schools. Furthermore, it strives to understand the profound impact of equity, diversity, inclusion, and justice on individuals' personal and professional behaviours. The ultimate goal is to empower educational leaders to collaboratively shape school environments creating a culture of belonging where every member of the community can perceive themselves and cultivate a profound sense of equity, diversity, inclusion, and justice. In aligning with the Church of England's vision for education, this network seeks to foster an inclusive, nurturing, and supportive educational ecosystem that reflects the values of "Called, Connected, Committed" and "Our Hope for a Flourishing Schools System."

Introduction

The Diocese of Exeter has a racial justice charter which includes the following anti-racism statement:

“Racism and other forms of discrimination are wholly incompatible with Jesus’s command that we ‘love one another’ (John 15:12) and his promise of ‘life in all its fullness’ (John 10:10). As part of our Diocesan Vision and Strategy, we commit ourselves to being actively anti-racist. We recognise that we have significant opportunities in our network of mission communities and organisations to combat racism in all its guises and build a better future for all.”

The charter draws on the Church of England’s From Lament to Action report and includes practical steps to tackle racism and improve diversity, including improving the diversity of participation in church life, education, training and mentoring, and addressing history and memory.

The Exeter Diocesan Board of Education Committee (EDBE) is committed to supporting our Diocesan family of schools in their work on Equity, Diversity, Inclusion, and Justice (EDIJ) and has secured funding from the St. Wilfrid’s Trust (to whom we give thanks) to enable this peer support network to be established. The Education Team will work with National Education Leads for Racial Justice from the Church of England Education Office to build on earlier work, including the Peace Feast, our contextual statistical analysis and your feedback to develop this 3 year programme. We invite those leading organisations (CEOs, Executive Heads, Headteachers and those involved in governance) and/or their representatives to join with us as we all prioritise this work and learn together.

Network Overview

There will be three sessions a year – two 90 minute virtual sessions and one face to face day. Each session will be led by a member of Church of England Foundation Educational Leadership (CEFEL’s) Curriculum and Inclusion team, sharing thinking and research around the leadership, theology and pedagogy of inclusive practice including Racial Justice. This will be supported and facilitated by the Exeter Diocesan Education Team with the main link being Paul Stock. Following each teaching session, there will be the opportunity to further and deepen understanding through a termly book club where we will explore together latest research and stories of real lived experiences to learn from.

An outline of the 3 years is as follows however we aim to be flexible to the needs of the group and, as the network develops, to respond to emerging needs. In all sessions there will be content delivery and plenty of time for discussion around key questions so that learning can be turned into action. Sessions will focus on a Leadership Practice from Called, Connected, Committed (www.cefel.org.uk/ccc/), from 'Flourishing Together' and from 'Our Hope for a Flourishing School System', enabling us to reflect on what this means specifically for our own contexts and with consideration of the Church of England’s Vision for Education. This will allow some deep reflection while exploring the rich theological underpinnings that guide all our work in creating equitable, diverse, inclusive, and just school communities.

Three Year/Phase Overview

This network is aimed at those who have the influence and desire to make change happen. We invite those leading organisations (CEOs, Executive Heads, Headteachers and those involved in governance) and/or their representatives to join with us in this Equity, Diversity, Inclusion and Justice Network. Whilst the programme is outlined below there is a degree of flexibility so that the programme can be adapted to meet emerging needs. It is intended that you will leave sessions with enriched knowledge and practical ideas of how you can progress this work in your settings and with new resource ideas or signposting.

Called- Exploring Vision (Year/Phase 1) 2025

When called to remove disadvantage, we need to seek reconciliation through exploring honestly and openly our personal Diversity, Equity and Inclusion journey, defining our current reality and considering what needs to change – both within our own organisations/schools/contexts and more widely. We will look at what has hindered change from happening in the past and what is needed to truly heal our communities and pursue the reconciliation required to be able to move forward.

Connected- Engaging with the Vision (Year/Phase 2) 2025/2026

Leaders in education cherish diversity, recognising that their school communities are inherently better and richer if their doors are open to people from all different backgrounds and traditions. Leaders will unlock opportunities for their children to flourish in a wide variety of disciplines, not simply those measured. What changes do we need to make so that all students can flourish in our schools? A chance to explore these ideas with school leaders from different contexts.

Committed – Sustaining the Vision (Year/Phase 3) 2026/2027

Leading in education is grounded in a picture of the future that inspires passion that lasts. While good leaders create a vision, great leaders sustain it. Leaders demonstrate that HOPE is sticking around to provide consistency and dependability for the long term. Teams who sustain visions can still see where they are going in the dark times, and they grow through the difficulties they face together. How do we embed these changes for the long term, making them future proof?

Leaders Like Us

Leaders Like Us is a multi-faceted programme for aspiring senior leaders from UKME/GMH

backgrounds, throughout the country, with the aim of enabling them to progress to headship. It is open to teachers and leaders in all schools in England, not just Church of England schools. You can find out more via this short video: Leaders Like Us.

The Leaders Like Us Programme is an 18-month learning journey, which supports you as a leader to develop your knowledge and skills in order to prepare you for headship in the next 2 – 5 years. The four elements interweave to give you a broad range of experiences and opportunities for learning, based on the research around what we know works with regards to UKME/GMH school leader progression and recruitment (e.g. Miller 2020). **[Click here to find out more.](#)**

The four elements are:

Training: Supporting you to find the right accredited training to enable you to progress to the next stage of your leadership (including NPQ courses such as NPQSL or NPQH, as well as bespoke training offered through our partners, Aspiring Heads). CEFEL's Racial Justice Team will be able to find the right fit for your career progression and we will track you through the programme to ensure it is fully meeting your needs.

Shadowing: Linking you with a similar school in a contrasting location to give you the experience of seeing headship close-up and the understanding of what working in a different context might be like. The headteacher you shadow will then become a mentor to you throughout the duration of the programme. Your mentor, school and their diocese/ trust will undergo training and oversight from the CEFEL Inclusion team to ensure this is an experience which enables you to thrive.

Mentoring: Your mentor Headteacher will support you as you seek to progress in your career, helping to prepare you for job applications and interviews as well as supporting your personal development as a leader. The mentors will be trained and overseen by experienced UKME school leaders, within MATs or dioceses that are fully engaged in our Diversity, Equity and Inclusion work.

Continued

Networking: You will form a cohort group with the other leaders on the programme and work together to find collective solutions to school leadership issues, to celebrate one another's successes, to learn from each other's stories and to advocate and encourage one another. These networks will be led by the CEFEL Curriculum and Inclusion Team, with a mix of virtual and face to face events – regionally and nationally.
